1. PRODUCT NAME

Materia 3D Collection
Data Sheet 320.00

2. MANUFACTURER

StonePeak Ceramics, Inc.
314 West Superior
Chicago, IL 60654
Telephone: 312.506.2800
Fax: 312.335.0533
Email: info@stonepeakceramics.com
Website: www.stonepeakceramics.com

3. PRODUCT DESCRIPTION

Materia 3D - classic in the feel yet perfect for contemporary spaces, the 5 color/2 finish line’s range of applications is limitless.

Recommended Applications:
Ideally suited for commercial and residential settings such as hotel lobbies, restaurants, shopping malls, airports, schools, and residential floors and walls.

Finishes/Textures:
Thru-Color: Rectified, Honed and Lappato

Size/thickness:
12” x 24” x 1/3” nominal *(8 mm)
6” x 24” x 1/3” nominal *(8 mm)

*denotes work size per ISO 10545-2

Recommended Grout Joint: 3/32” or greater
All sizes modular with 3/16” grout joint (=5 mm)

Grout joints of 1/8” inch or less, especially with larger format tiles or running bond patterns, may require floor flatness values in excess of the 1/4” in 10’ (or 1/16” in 1.0’) standard required by ANSI.

For patterns with running bond/brick joints patterns StonePeak recommends a maximum of 33% offset.

* All values given for Matte or Honed material etc.

COF: all values given are for matte or honed material. No values are given for polished, semi-polished, lappato, or satinato material. StonePeak does not recommend these surfaces in areas subject to exposure from grease, oil or water.

5. INSTALLATION

Surface Preparation:

All installation work using StonePeak Ceramics tiles will conform to the standards set forth in the latest version of ANSI A108/118 and/or the TCA Handbook for Ceramic Tile installations.

All substrates should be between 40 degrees F and 90 degrees F and structurally sound, clean and free of all dirt, oil, grease, paint, concrete sealers or curing compounds as per ANSI A108.01.

Deflection:

Substrate must conform to all state and local building code requirements and ANSI A108.01 for maximum allowable substrate deflection.
Movement Joints:

Movement joints shall be provided throughout the tile and work will conform to ANSI Specification A108.01-3.7; A108.02 – 4.4 and TCA Details EJ171.
Installation or setting materials:

Setting materials used will conform to the ANSI 118.4 standard or greater and be recommended by the selected manufacturer for the installation & setting materials for ceramic or porcelain tile based on the application requirements.

6. AVAILABILITY AND COST

StonePeak Materia 3D Collection is available from select distributors of ceramic tile and stone.

To find accessible information of delivery and product costs for your area, please contact your nearest StonePeak Ceramics representative.

See section 2 for available phone numbers and contact information.

7. WARRANTY

StonePeak Ceramics guarantees that its products will be free of manufacturing defects and they will meet or exceed the performance specifications set forth in ANSI 137.1.

For further information and details please contact your nearest StonePeak Ceramics Distributor or StonePeak Ceramics representative for a written copy of the warranty information.

See section 2 for available phone numbers and contact information.

8. MAINTENANCE

Care and Maintenance Recommendations Guide

Please refer to StonePeak Ceramics Care and Maintenance Recommendations Guide for all technical information as to the care of this collection.

9. TECHNICAL SERVICES

Technical Assistance

Guide Specifications, literature, MSDS, tile samples, details and installation procedures are all available for your use or libraries.

Please contact your nearest StonePeak representative for catalogues, physical samples or architectural binders.

Continued Education Programs are available – 1 hour HSW Learning Units – contact StonePeak Ceramics’ main office to set up a presentation.

See section 2 for available phone numbers.
