## The collection

As in nature, a captivating feature unfolds: a boundless diversity and unparalleled arrangement of exquisitely hued faces, each meticulously crafted in a symphony of diverse tones.

Each visage is a masterpiece telling stories of time, resilience, and the passage of civilizations — a visual narrative etched into every surface.

The Solumbria collection includes three sizes 12"x24", 24"x24" and 24"x48", and offers two new finishes: the innovative Natural Plus which combines exceptionally high slip resistance with a non-reflective look, and Natural Gloss, a breathtaking natural surface enriched by strategically positioned glossy highlights, striking the surface and accentuating the veining.
